water dispensers would be helpful

A study room in camin6 is necessary, it will be very helpful

I live in camin 12. The hostel doesn't have water supply for most of the days of the week. It is really difficult for us students as we can't use the toilet or cook food.

The best university in the world, I love it

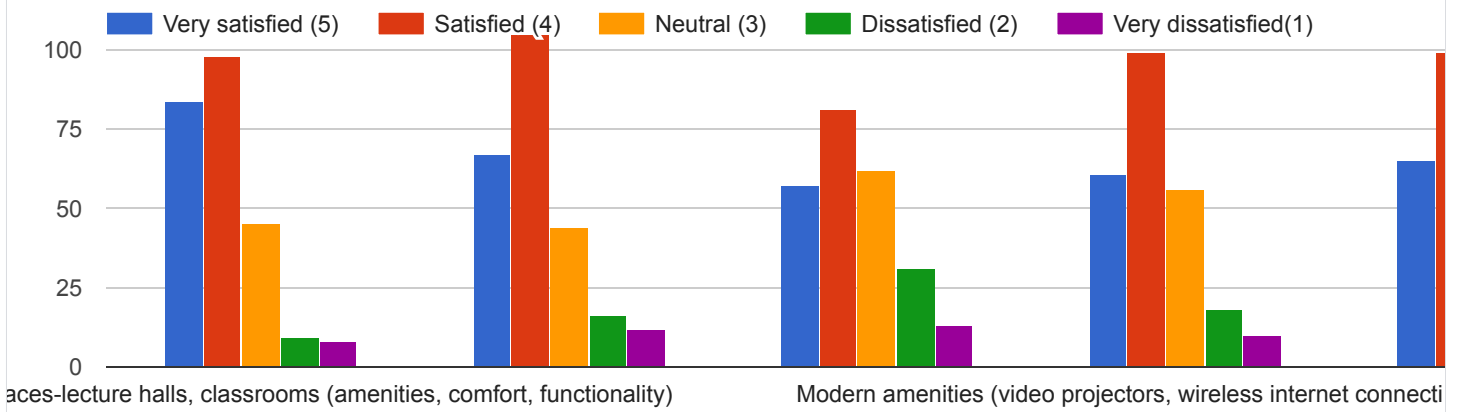

wifi in the camins have very low connectivity , kindly improve it if possible

atleast staffs in university must be friendly and helpful to others. they shouldnt be rude to others.

hostel fees refund is very slow, majority of the students who left the hostel didn't receive the money back, the lady who is working in the hostel refund section is never available, most of the time we have to wait for 2-3 hours just to see her, and she tells some excuse and we end up never getting the money

need more exact sources

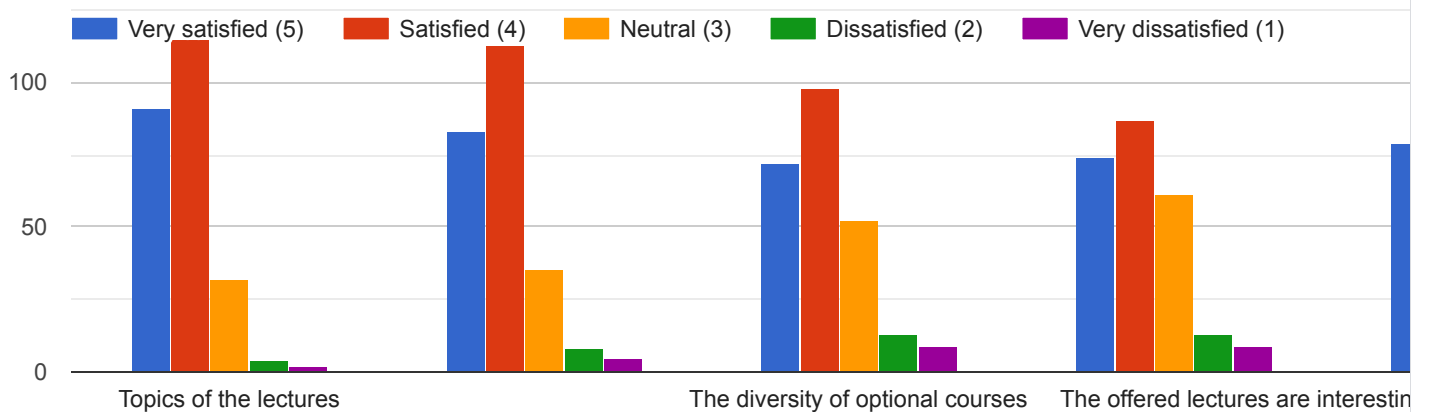

during our whole surgical infection module our group had no classroom we had to stand 3-4 continuously just because there wasn't a free classroom for us.

we have never been given enough time in CUSIM, i think for all courses there should be at least 1 or 2 lessons at CUSIM.

throughout all department wifi is not available, its a shame that such a big university doesn't provide free wifi for students, not even one department has wifi even though we are living in 2022.

We need a university email because we are lately and the time online is asking us to work on

topics of the lecture are okay but what majority of the lecturers do is read the whole ppt instead of explaining it, but this doesn't include everyone as some of the teachers are very passionate in their teaching approach.

optional courses are often time wasting as the only thing we are asked to do is to make a presentation for marks.

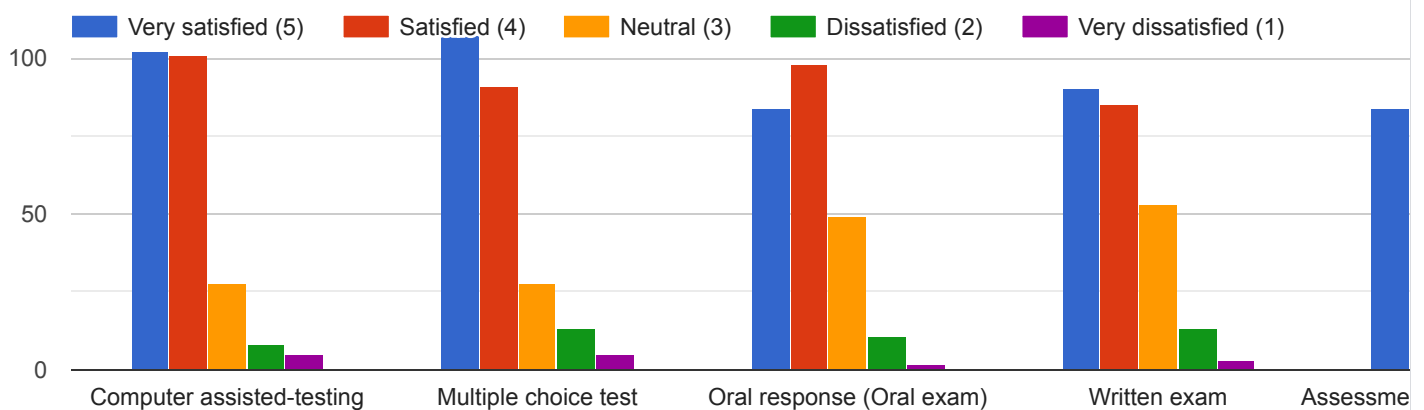

THE MAJOR COMPLAINT OF MOST OF THE STUDENTS IS THE VERY LESS PATIENT INTERACTION, VERY FEW DEPARTMENTS ARE INTERESTED TO SHOW PATIENTS, MOST OF THE DEPARTMENT DON'T ALLOW STUDENTS TO VISIT PATIENTS, PATIENT EXPOSURE IS VERY LESS.

EVERY PRACTICAL LESSON SHOULD HAVE AT LEAST 20 MINUTES TO INTERACT WITH PATIENT.

AN EXCELLENT EXAMPLE IS THAT OF CARDIOLOGY DEPARTMENT, EACH STUDENT IS ASSIGNED 2 PATIENTS, EVERY MORNING WE GO TO DEPARTMENT AND CHECK THE PATIENTS AND ASK THEIR PROBLEMS, THIS INCREASES OUR CONFIDENCE AND PATIENT EXPOSURE.

Nothing

the assessment of practical exam is often a clinical case, it would be much better if we receive a real patient, we assess him/her and come to a diagnosis, it would be much better.

not very organized information very late the night of the course only receive information

I have never seen an effort from university to reach out to students, I don't even know whether university has a counselling session or person for it. In 4 years of my study i have never received any form of counselling or event to support student mentality

i feel like the dean can be more responsive the issues proposed by the students. sometimes, we are left with no responses to issues voiced.

THE TRUTH IS THAT THE UNIVERSITY HAS VERY GOOD FACULTY EXCEPT FOR SOME, MOST OF THE PROFESSORS ARE VERY PASSIONATE IN THEIR TEACHING APPROACH. SOME PROFESSORS ARE VERY WEAK IN ENGLISH LANGUAGE, I WOULD SUGGEST AN ENGLISH WORKSHOP TO IMPROVE THEIR LANGUAGE SKILLS,

THE MOST IMPORTANT DRAWBACK OF OUR UNIVERSITY IS THAT INTERNATIONAL STUDENTS ARE'NT GETTING ENOUGH PATIENT EXPOSURE, I KNOW SENIOR STUDENTS WHO DOESN'T KNOW HOW TO DO A SIMPLE SUTURE, TIE A BANDAGE, DO AN IV, INSERT A CANNULA, ETC, MOST OF US ARE NOT COMFORTABLE AROUND PATIENTS BECAUSE WE DON'T GET ENOUGH TIME AROUND THEM.

OTHER THAN THAT, I CAN PROUDLY SAY IM HAPPY BEING A STUDENTS AT USMF.
